

The TAXI roof sign by HALE

Roof sign TRS

With perfect
aerodynamic design

TRS-015 with two magnetic vacuum cups

TRS-021 with single-arm bracket

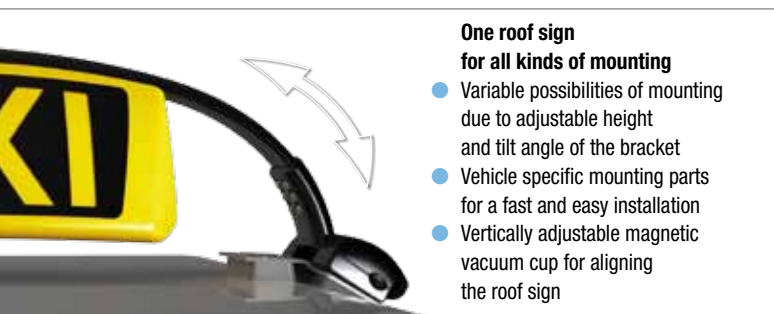

Roof sign TRS

The new star on the taxi roof

Best attention and distinctive identity for your cab!

- Perfect aerodynamic design
- Various mounting possibilities
- Best price-performance ratio
- Three-dimensional curvature of the front

This roof sign has been developed particularly with regard to the permanently growing demands on modern vehicle design.

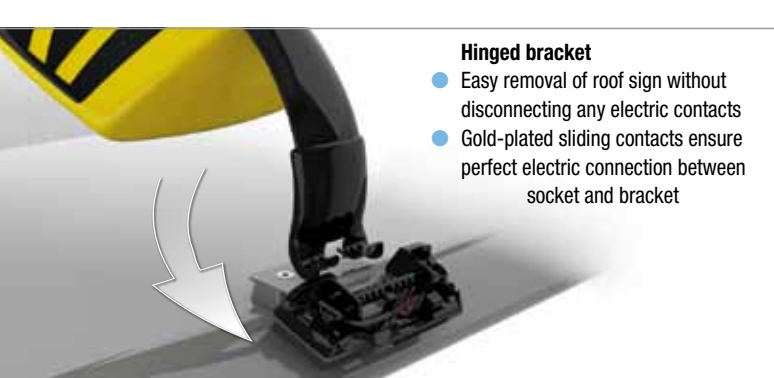

One roof sign for all kinds of mounting

- Variable possibilities of mounting due to adjustable height and tilt angle of the bracket
- Vehicle specific mounting parts for a fast and easy installation
- Vertically adjustable magnetic vacuum cup for aligning the roof sign

Hinged bracket

- Easy removal of roof sign without disconnecting any electric contacts
- Gold-plated sliding contacts ensure perfect electric connection between socket and bracket
