Taxi alarm TAA-03

Modern, flexible, future-proof

HALE electronic®
The future in taxi.

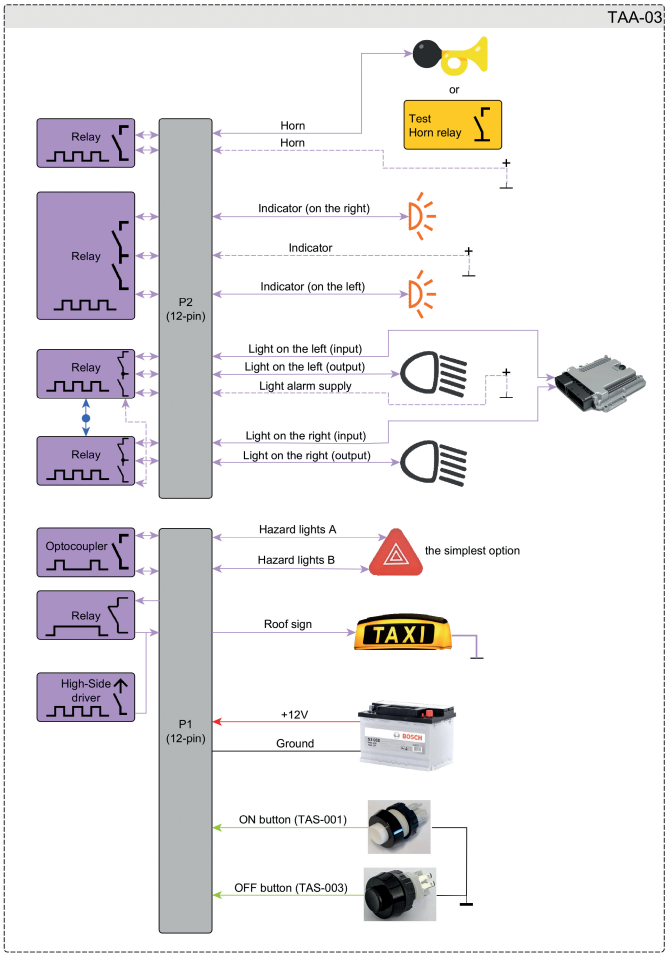
The TAA-03, HALE's new taxi alarm system, has been specially developed for security-related applications. As the successor to the TAA-002, it offers **significantly enhanced features, modern interfaces** and a **robust design**. The TAA-03 also offers the advantage of **expandable configuration via USB**. This makes it flexible and future-proof!

Key features of the TAA-03

- **Flexible two-button control system (ON/OFF)**
  - Intuitive and precise activation
  - **ON button:** Press briefly (1-2s) => Silent alarm
    Press and hold (>2s) => Loud alarm
- **Modern interfaces for maximum integration**
  - Positive or negative power connection for custom output circuits for the horn / indicators / lights
  - 2x push-button terminals (ON/OFF)
  - CAN interface
  - Internal USB port (for configuration)
  - Power supply connection
- **Waterproof connectors**
  - Secure / also suitable for use in harsh environments
- **Easy to install thanks to the flanged housing**

Technical data

Dimensions	110 x 33 x 82 mm 4.33 x 1.30 x 3.23 inch (W x H x D)
Operating voltage	9 V - 18 V DC
Current consumption	Quiescent current <1µA
Operating temperature	-25° C to +70° C; -13° F to +158° F
Approvals	E1 10 R – 07 10720 CE



PRO-TAA-03-en, 05/2026. Subject to technical modifications.
